

The first few weeks at the centre have truly been outstanding. With the new children and families, our staff has provided unwavering support and enthusiasm, contributing to a remarkably positive and contented atmosphere. The presence of extra staff has been invaluable, enabling us to cater to the individual needs of families and children as they transition into their new surroundings and bond with their educators. The incredible feedback we've received from our families fills us with pride, reaffirming our commitment to providing exceptional service and support to our community. This validation underscores the core mission of Lakeside: to be a pillar of excellence and care within our community.

## TO REMEMBER...

The weather is changing, and we're taking advantage of our time outside. We want to remind you of some items that are important for your children to have at Lakeside:

- Splash pants
- Light jacket
- Rain boots
- Sun hat
- Sunscreen
- Water bottle

### Take Home Meals

We have had many conversations with families who have mentioned that it's challenging to pick up their children and make a meal when they get home. Well, we want to help. Our chef, Nicole, is preparing a take-home meal menu that is available for purchase and ready when you arrive for pickup. The menu will be sent out in Lillio soon.

### Lakeside Littles

We will soon send out a survey to gauge interest in weekend activities for our families. A few staff members have mentioned they are available to plan activities for our little ones on the weekend since activities for children under four years old are few and far between. If you are interested in additional activities for your child over the weekend, please complete the survey so we can start planning for the summer.
